Ernest T. Krebs Vitamin B-17

CANCER CURE IS FOUND Laetrile is the answerDuring 1950, a biochemist Dr. Ernest T. Krebs Jr., isolated a new vitamin from bitter apricot kernel that he called 'B-17' or 'Laetrile'. He conducted further lab animal and culture experiments to conclude that laetrile would be effective in the treatment of cancer. He proposed that cancer was caused by a deficiency of Vitamin B 17 (Laetrile, Amygdaline). Laetrile is a concentrated and purified form of vitamin B17. After a lot of research, he had finally developed a specific protocol to treat cancer. Laetrile Therapy combines Laetrile with nutritional supplements and a healthy diet to create a potent treatment that fights cancer cells while helping to strengthen the body's immune system.Vitamin B-17, which is present in several different foods, consists of a locked substance which comprises two units' glucose, one unit benzaldehyde and one unit cyanide. When B17 comes in contact with a cancer cell it is unlocked by a hormone found only in the cancer cell, and becomes a lethal chemical bomb which destroys the cancer cell. Healthy cells do not cause breakdown of B17. Cancer is unknown to people living in areas with food products rich in B-17, and the population lives to a remarkably high age. Apparently nature has provided us with an ingenious defense against cancer, and it is an ordinary nutrient in our food. These are, amongst others nuts, seeds, vegetables, and in particular apricot kernels. At present, patients listen or read a lot about Laetrile treatment, but usually they don't get precise and to the point information about what are the exact components of this protocol, where to get Laetrile injections and supplements, what to take, what not to take, what are the doses, how long to take the treatment, what diet they have to follow, etc. In this book, I have explained the protocol in detail proposed by Dr. Krebs. I have given every minute detail about Laetrile, other nutritional supplements and diet in this book. After reading this book patients can buy Laetrile injections, tablets and other nutritional supplements from the reliable sources (given in the book) and conduct the treatment under the supervision of their family doctor. Dr. Philip E. Binzel was personally trained by Dr. Ernest T Kreb Jr. about everything of this treatment. Dr. Binzel had been using Laetrile therapy in the treatment of cancer patients since the mid 1970s. His record of success was astounding. Testimonies of his patients are also included in this book.
